

BOC Series 6000 Single-stage Single-gauge Regulator

Providing equipment solutions for our customers

The BOC Series 6000 single-gauge propane regulator is a compact, rugged regulator able to survive in tough working conditions whilst delivering efficient, dependable control of gas. The outlet pressure gauge allows for accurate setting of desired pressures. It incorporates a fully encapsulated BOC valve for improved performance and precision-engineered components for greater safety.

Features

- Suitable for use in medium-heavy-duty cutting and heating applications
- Flow rate is adequate for the full range of propane nozzles
- Built to BS EN ISO 2503
- Gauges conform to BS EN 562 and ISO 5171
- Replacement date stamped on regulator

Five-year Conditional Warranty

Part number	41891
Description	Series 6000 Propane 4 bar
Gas Used	Propane
Delivery Pressure	0-60 psi 0-4 bar
Inlet Connection	BS341 no. 2 5/8" LH
Outlet Connection	3/8" LH
Max. Inlet Pressure	360 psi 25 bar
Retail Price (inc VAT)	£80.52 (£68.53 ex vat)
